INSTALLTION TIME

iD Tech, the leading technology camp for kids and teens, provides dynamic, hands-on day and overnight summer camps. Tens of thousands of kids and teens join iD Tech camps each summer at hundreds of major universities throughout the country. Due to the size, scope and logistical challenges of the technology camps, iD Tech needed a partner to get everything ready for their campers.

“INC has been a proven partner for several years, making all of our camps a success.”

THE GOAL

Convert hundreds of university meeting rooms across the country into temporary computer labs for summer tech camps.

THE APPROACH

- Identified cabling, cable management and power issues for all sites.
- Managed network of technicians to connect each work station.
- Dressed the cables for safety and a professional look.
- Tested each work station to ensure proper function.

RESULTS

- 8,500+ PC's setup at 168 locations.
- Met every deadline, usually completing the installation within a day.
- iD Tech had a successful summer session teaching kids and teens the importance of higher learning.
